

FORCING OCEAN MAIL BILL

Gallinger Introduces it as an Amendment

TO P. O. APPROPRIATION

Point of Order in the House Thus Prevented—Vote Will Be Necessary; the Friends of the Bill Are Confident.

Washington, April 10.—Senator Gallinger yesterday introduced as an amendment to the postoffice appropriation bill the ocean mail bill passed by the Senate March 20. This is the answer of the friends of ocean mail legislation to the adverse action yesterday of the House committee on postoffice and post roads, when a combination of five Democrats and three far-western Republicans defeated the ocean mail bill by a vote of 7 to 8. Provision is made in the Gallinger amendment for increasing the appropriation for the carrying of ocean mails by \$1,000,000, the estimated amount that would be required for the proposed new ocean mail routes in the next fiscal year. To this provision the entire ocean mail bill in the form in which the Senate passed it is added. It is expected that this will be inserted by the Senate post office committee as a part of the regular postoffice appropriation bill now being considered by that committee. Coming from the Senate in this way, the bill will not be subject to a point of order in the House. The action will have the effect of compelling a vote on the bill in the House. A test which is not feared by the friends of the measure.

FORAKER TO SPEAK

Will Discuss Discharge of Negro Troops in Senate.

Washington, April 10.—Senator Foraker gave notice yesterday that he would address the Senate on Tuesday next on the Brownsville affair and the circumstances of the discharge of the negro battalion of the 25th United States Infantry.

The Senator explained that he would

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood. It used to be considered that only urinary and bladder troubles were traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

RED CROSS PHARMACY,

Pimples, boils, eruptions, eczema or salt rheum, scrofula, are radically and permanently cured by

Hood's Sarsaparilla
Liquid or tablets, 100 Doses One Dollar.

also discuss the pending bills authorizing the re-establishment of the discharged soldiers. There will be several other speeches on the subject.

LILLEY HEARING SUSPENDED.

Adjournment Taken Until Next Tuesday.

Washington, April 10.—The special committee of the House appointed to investigate the charges made by Representative George Lilley by the Electric Light company to obtain legislation will Tuesday. When the committee met yesterday, Chairman Boutwell announced that the continued illness of Mr. Olmstead's daughter prevented him from attending and owing to the further fact that the committee desired time in which to prepare evidence in its proper order an adjournment would be taken until the date mentioned.

ST. LOUIS DOCTOR

ALLEGED SLAYER.

Former City Physician Arrested on Charge of Killing Reese Bell.

St. Louis, April 10.—Dr. Engelhardt Voerster, Jr., former city physician at the city dispensary and one of the best known physicians in St. Louis, was arrested yesterday on the charge of killing Reese Bell, a paper-hanger, who was shot to death early Sunday morning while escorting a woman and her two daughters home from a dance.

Bell and his companions were walking in Chestnut avenue and were overtaken at Dolman street by a man and woman. Bell and the three women with him were singing, when the woman with the man, alleged to be Voerster, joined in the vocal exercises. Her escort, angered at this, told the entire party to "shut up," adding that the singing was "rotten."

Bell replied it had been spoiled by the singing of the newcomers. Without warning the stranger fired, the bullet entering Bell's brain. The slayer fled, followed closely by his woman companion. The trio with Bell screamed for help, but the assailant escaped before the arrival of the police.

Detectives ran down many clues before arresting Voerster.

ARTIST EARLE AND 'AFFINITY' BRIDE RETURN.

Married in Italy After Divorce in France They Arrive on the Friedrich der Grosse.

New York, April 10.—Ferdinand Pinney Earle and Miss Julia Kuttner, after having been married in a small town near Rome, Italy, following a secret divorce obtained by Mrs. Earle in Paris, arrived from Naples on the North German Lloyd liner Kaiser Friedrich der Grosse yesterday.

The sensational disclosures of the marriage of Earle and his "soul mate," the original "affinity," were made by friends in New York who knew of these occurrences and also of the departure of the two from Italy.

The new Mrs. Earle refused absolutely to discuss her marriage to Earle, and even hid in her cabin until Earles had arranged that they both leave the vessel at the Hoboken pier by the steamer gateway. Earle himself was as uncommunicative as his new wife. The couple would not even say whether or not they expected to take up their residence in New York city.

Their manifests declared, however, that they were going to Monroe, N. Y., where Earle has a home. The baggage of the couple was also booked for Monroe.

PATRIOTIC JAPANESE.

Outdid Chinaman in Welcoming U. S. Cruiser at Seattle.

Seattle, Wash., April 10.—An amusing rivalry broke out between Chinese and Japanese residents when the armored cruiser Washington dropped anchor here Wednesday. Both Chinese and Japanese chartered tugs and went out into the bay to give the battleship a rousing welcome. The Chinese tug carried a yellow banner with a Chinese dragon emblazoned on it, and set off many kinds of fireworks.

Aerial bombs seemed to be the favorite pyrotechnic display of the Japanese and their efforts were viewed with a curious eye until the last one was set off. This contained a large American flag which, when unfurled floated high above the cruiser. In the reception party was the mayor of Seattle and a delegation from the Commercial club.

AMERICAN APRESTS CANADIAN.

Violation of Our Immigration Law Charged.

Winnipeg, April 10.—Herbert Wright, a Canadian customs officer at Emerson, Man., was arrested at Noyes, Minn., yesterday, at the point of a revolver by a United States immigration officer on a charge of having smuggled into the United States May French, who has been denied admission to the United States two weeks ago. Herbert Wright is a son of Mayor Wright of Emerson. He was taken to Crookston, Minn., for trial yesterday afternoon.

EDDIE GUERIN DISCHARGED.

Chicago Man, Who Has Been Concerned in Many Criminal Charges.

London, April 10.—Eddie Guerin of Chicago, who has been concerned in many criminal charges, and who was arrested in this city March 31 last on suspicion of being connected with a recent bank robbery in the provinces, was yesterday discharged from custody.

SHAKE IT WELL IN A BOTTLE

Splendid Prescription to be Mixed at Home

BACHACHE IS THE WARNING

How to Find If Kidneys Are Affected and What to Do—What Causes Rheumatism and Blood Disorders and The Remedy.

There are more cases of kidney trouble here now than ever before, while recent reports show that more people succumb each year to some form of kidney disease than any other cause.

When there is sickness, examine the urine. Rheumatism is only a symptom of kidney trouble. It is nothing more or less than excessive uric acid in the blood, which the sluggish, inactive kidneys have failed to sift out leaving it to decompose and settle about the joints and muscles, causing intense suffering, frequently resulting in deformity, often rendering the heart when death ensues.

Pains across the back, frequent, painful and suppressed urination and other symptoms of weak bladder are not the only signs of kidney trouble; many cases of stomach disease, headache, pain in the heart, inactive liver, etc., are but symptoms; the cause of which can be traced to feeble, clogged kidneys.

A sample test of the urine is to void a small quantity in a bottle or glass and let it stand over night; next morning, if there is reddish brick-dust sediment, or white, fleecy substance present either consult some reputable physician or take a good vegetable treatment. The following prescription is recommended highly in these cases, and the sufferer should mix it at home: Compound Karsgon, one ounce; Fluid Extract Dandelion one half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well and use in teaspoonful doses after each meal and at bedtime.

Where any of the symptoms enumerated above are present, good results are sure to follow immediately the use of this simple prescription.

BUYS UNKNOWN'S PICTURE

A REMBRANDT UNDER IT.

Humphrey Ward Gets Prize For \$1,250 at Auction Sale.

Berlin, April 10.—A lost portrait by Rembrandt has been discovered by Prof. Alois Hauser, director of the Royal Gallery, here. The Rembrandt, which is a picture of an ugly young man staring out from the canvas in an idiot-like manner, was found underneath a portrait by an unknown artist. Prof. Hauser, before announcing that the portrait was by Rembrandt, submitted it to Prof. Max Friedländer, a noted art critic, and other experts, who, after careful consideration, all agreed that it was authentic.

Humphrey Ward, the husband of the novelist, bought the picture by the unknown artist at an auction sale in London on speculation, paying \$1,250.

He sent the picture to Professor Hauser, who perceived that one picture had been painted over another. He worked on the canvas and ultimately brought to light the portrait signed by Rembrandt. Privy Councillor Koppel, a wealthy steel manufacturer, made an offer to buy the portrait at more than twenty-five times the price Mr. Ward had paid. He accepted the offer.

RUEF MUST STAND TRIAL.

Application For Writ of Mandamus Denied.

Los Angeles, April 10.—The application of Abraham Ruef for a writ of mandamus and prohibition to prevent his trial on a charge of bribery, was denied yesterday by the supreme court sitting in this city.

COLDS AND GRIP

A Home Treatment Better Than Drugging

The best general treatment for colds, and usually much better than drugging, is to create bodily warmth to make up for the heat that is lost. Treat it at the beginning by a hot bath, or if not convenient to get into a bath tub take hot mustard and water foot bath, and go to bed at once, taking a hot drink of lemonade, milk, tea, or other non-alcoholic drink. Rub briskly over the throat and chest with

MINARD'S LINIMENT

Sleep between blankets, be careful to keep the arms and body well covered, and remember that the sweating is evidence that you are overcoming the cold, so above all don't undo the benefit by throwing off the clothes if you feel a little uncomfortable. A thorough rubbing of the throat and chest with Minard's Liniment will, besides giving relief, do much to prevent recurrence of the cold, and also be strong measure of protection against any of the serious complications resulting from colds.

HOUSE ROLL CALLS RESUMED

William's Way of Rushing Business

INDIAN APPROPRIATION

Bill Sent to Conference—House Liability Bill Before Senate—Measures of Two Branches Explained by Mr. Dooliver.

Washington, April 10.—A motion by Mr. Sherman of New York in the House of Representatives yesterday to recommend the Indian appropriation bill to conference started the daily monotony of divisions and rollcalls. Mr. Williams, the minority leader, made his usual demand for the yeas and nays, which he facetiously remarked was made with the view to saving time. Leader Payne of the majority challenged that assertion and at the same time made the point of an error. Against that motion Mr. Williams protested, saying the point was wasteful. Speaker Cannon, however, ruled that "the point of no quorum will get a more speedy action."

"Oh," drawled Mr. Williams, "I guess that's so."

The roll was called and the bill was returned to conference, 250 to 3, Democrats voting with the Republicans to that end.

The reason for returning the bill to the conference was that important changes were necessary in the provisions for the payment of the attorneys of the Five Civilized Tribes for services performed in the preparation of their citizenship rolls. The provision extended it beyond the limits fixed by either House. There will now be an effort to have it restricted.

LIABILITY BILL BEFORE THE SENATE

Mr. Dooliver Explains the Difference Between the Pending Measures.

The House bill regulating the liabilities of railroads to their employees, ordinarily known as "the employers' liability bill," was called up in the Senate yesterday. Senator Dooliver of Iowa explained the differences between the House and the Senate bills on this subject. The House bill was confined to railroads, he said, while the Senate measure related to common carriers.

Senator Dooliver moved that the Senate bill be substituted for the House bill. Senator Elkins, chairman of the committee on interstate commerce, insisted that he had not had time to read the bill and he asked that it be referred to the committee on judiciary. Mr. Elkins thought the measure should not be passed until to-day at least, when the senator from Wisconsin (Mr. La Follette) could be present, as the Senate bill had been introduced by him. The Senate finally decided by vote to proceed with the consideration of the bill yesterday.

COCKRAN ATTACKS CAMPAIGN PUBLICITY BILL.

He Declares McCall's Measure Ineffective; Offers a Substitute.

The McCall campaign-contributions publicity bill was denounced yesterday as wholly ineffective by Representative Cockran before the House committee on election of the president, vice-president and representatives in Congress. His strictures provoked former United States Senator Chandler to give notice that he would reply to Mr. Cockran's attack to-day. Mr. Cockran urged the substitution for the McCall bill of a bill introduced by himself, which requires every contributor of campaign money to file a sworn statement of the amount with the clerk of the United States district court in the district wherein the contribution was made.

ARMY BILL SENT TO CONFERENCE

The House Disagrees to Amendments Made by the Senate.

The Senate amendments to the army appropriation bill were disagreed to by the House yesterday and the bill was sent to conference. The amendments to the fortifications appropriation bill likewise were disagreed to, and the bill sent to conference after another rollcall.

Who Will Claim Them?

Letters remaining uncalled for at the Barre post-office for the week ending April 9, 1908, were as follows: Men.—Arighi Bortolo, Ampanio Celestino, Duncan Fraser, Jas. Garvey, Henry A. Gill, Enrico Galli, Earl Gilman, Austin Jamison, C. A. Leinard, Frank McMurphy.

Women.—Gleah Brown, Emma Campbell, Frank Dazmon, Cora C. Kennedy.

NATIONAL BISCUIT COMPANY

THE VERMONT DELEGATES

Gov. Proctor Says State's Custom is Uninstructed.

SENTIMENT IS DIVIDED

Between Taft and Hughes—McGuire Says Higen Is Hearst's Man—Independence League Soon to Announce the Plan.

Washington, April 10.—"The Vermont delegation to the Republican national convention will go uninstructed," says Governor Proctor of Vermont, who is here. He says: "It has been the custom for years to send an uninstructed delegation to the convention and we are going to observe it this time, too. From what I can gather, however, the sentiment seems equally divided between Taft and Hughes. There is a strong sentiment against Roosevelt being renominated for a third term and there are many reasons why he should not be mentioned in that connection. His methods, in the opinion of many people, are not what they should be and the idea of a third term is not at all popular and has always been looked upon with great distrust by the American people."

It is believed here that Representative David J. Foster's chances for the senatorship are rendered very good by the retirement of Governor Proctor. Mr. Foster appeared contented with the outlook ever since his return from the Proctor funeral. So much so, in fact, as to suggest that Governor Proctor never thought seriously of being a candidate. The appointment of John W. Stewart to the senatorship was wholly agreeable to Mr. Foster and although that venerable gentleman may be a receptive candidate for election, he probably will not make a fight. The contest promises to be between Foster and Carroll S. Page with the chances favoring the former.

HEARST'S CANDIDATE FOR PRESIDENT DISCOVERED.

T. L. Higen of Massachusetts, According to McGuire of Syracuse.

Washington, April 10.—The candidate of the Hearst Independence League for president has been discovered. It is not Roosevelt or La Follette or even Hearst himself. This at least is the information that comes from James E. McGuire, who has been mayor of Syracuse for three terms, and who is one of Mr. Hearst's closest lieutenants.

The man who has been picked upon is Thomas L. Higen of Springfield, Mass., who in the last Massachusetts campaign was the candidate for governor of the Hearst Independence League. Mr. McGuire announced yesterday that Mr. Higen would be the candidate of the Independence League. It is said he speaks by authority, and that he came to Washington to make the announcement. Mr. Higen is wealthy. He has made much money in the oil business, but he has always fought the Standard company.

ALABAMA'S PROHIBITION LAW IS CONSTITUTIONAL.

State Supreme Court Also Upholds 9 o'Clock Closing Law.

Montgomery, Ala., April 10.—The Alabama supreme court yesterday held both the general prohibition and the 9 o'clock closing laws to be constitutional and effective.

Attack had been made on both by the liquor forces of the state.

A Twenty-year Sentence.

"I have just completed a twenty-year health sentence, imposed by Bucklen's Kidney Saver, which cured me of bleeding piles just twenty years ago," writes C. S. Woolver of LeRayville, N. Y. Bucklen's Kidney Saver heals the worst cases, boils, burns, wounds and cuts in the shortest time. 25c at Red Cross Pharmacy.

HOLDING UP LAND TRIAL.

California Records Can't Go to Washington.

San Francisco, April 10.—A new move in the Hyde-Benson-Schneider-Diamond land fraud case, now on trial before the supreme court of the District of Columbia, was made in this state yesterday when Surveyor General W. S. Kingsbury was stopped at Truckee while on his way to Washington with the records of the state land office, by an order issued by Superior Court Judge Sewell of this city directing him to show cause why he should not be restrained from taking the records from the state.

Virginia L. Roberts of Sacramento, a searcher of records at the Capitol, is the ostensible plaintiff in the action. She brought suit against Kingsbury to compel him to show her documents she said she desired to see in the pursuit of her occupation. When Kingsbury was served at Truckee he could do nothing but wait for the next train back. The documents that caused all the trouble are those relating to Sections 16 and 36 and all the lands in lien thereof, and the state indemnity lands.

There is more land involved in the Hyde-Benson-Schneider-Diamond trial than in any case yet tried by the government. In all, the ownership of approximately 300,000 acres in several western states is at stake. The alleged method of operation on the part of the defendants was to get possession of lands, generally of small value, which were to be set aside as school lands, and exchanging these under the law for valuable tracts of the public domain.

Wu to Speak in Boston.

Boston, Mass., April 10.—Wu Ting-fang, the Chinese minister at Washington, will be one of the speakers at the meeting of the Merchants' club here on Thursday, April 23. Edwin G. Preston, president of the club, said Mr. Wu's promise to speak on the commercial development of China would be looked forward to with interest.
